Presidents Message,

As I have mentioned several times, i would like to renew or members understanding

of just why we are Lions. All that my history of the Lineboro/Manchester consisted of, was the Lions pool, and I understood what an asset that was to the Manchester community. When the word was passed to my family that I was becoming a Lion, the immediate question put to me was "what does the Lions do?". Needless to say, I had no answer. Since then, my ignorance has diminished slightly, enough to know that there is more to the

Lions club than the Manchester pool. This has caused me to reach out to find a way to bring knowledge to our members and families in a way that promotes friendship and brotherhood while learning. What better way to accomplish all that then to eat crabs.

So I have taken the cue from Lion Jim Strauss, who turned his Region meeting into a knowledge session by inviting chairpersons of LVRF and LCIF to speak.

He also invited the founder of Jiffy-Lube international, Lion Jim Hindman as a guest speaker. Lion Jim contracted Age-Related Macular Degeneration and with the help of Lions has had a miniature telescope implanted in his eye. I have invited Lion Hindman to speak to our club

and he will bring copies of his book, "I was blind and now I see" for members to buy and have signed. I also invited Lion Lenny Gares to speak about the Lions Leader Dog program.. After the speakers are finished, we will then enjoy a cook-out of burgers and hot dogs including

steamed crabs..This event will be held at my residence on October 2 at 1 PM, without any fee other than members bringing their favorite desert.

This, of course, will require members to develop a list of people attending and forward it to me..

Your President
Lion Vince
